OUR GOAL IS TO GROW THROUGH THE SUCCESS OF OUR CLIENTS

OUR GOAL IS TO GROW THROUGH THE SUCCESS OF OUR CLIENTS

Introduction

In pursuit of the worldwide movement to address environmental concerns, companies throughout the world are adopting ISO 14001:2004 to achieve and maintain compliance with current environmental requirements, achieve excellence in their operations and reduce costs. With growing competition in the National and International markets it has become an important task to meet the challenges in a cost-effective manner.

QGS provides cost effective practical training programme that delivers optimal outcomes. Our earlier Lead Auditor Courses received overwhelming response. Many participating organizations have sent queries and confirmed participation for further courses. This has encouraged us to have NABET registration of Lead Auditor Courses.

Objectives: To provide participants with the knowledge and skills to audit Environmental Management System. Provides an in-depth knowledge of Environmental Management Systems against requirements of ISO 14001:2004 from the view point of auditing

The Curriculum

NABET approved Lead Auditor Training Courses are conducted by the renowned Management Systems Consultants, who are registered with National Accreditation Board for Education and Training (NABET) / IRCA.

Through formal presentations, case studies and workshops, the course would cover the detailed requirements of ISO 14001:2004 and focus on development of skills for conducting an Environmental management Systems audit.
