DET NORSKE VERITAS AS

THREE DAY INTERNAL AUDITOR TRAINING ON ISO/TS 16949:2002

- DNV is a national & world leader in Management Systems Certification. DNV offers a whole range of world-class services for Management System Certifications.
- DNV with more than 200 automotive (TS) certificates in India is a recognized leader in the registration of automotive quality management systems.
- Keeping in view limited professional help in qualifying Internal Auditors meeting these requirements, DNV has taken a major initiative in providing automotive customers with specialized trainings on IQA, Process Approach understanding, core tools viz. FMEA, MSA, SPC and Product Approval Process, etc.
- The course is In line with stringent Internal auditor requirements for ISO/TS 16949: 2002 from major automotive customers viz DaimlerChrysler, Ford, General Motors and many others adding in.
- We strive to ensure our clients receive the most current information, and are provided with tools that will help them understand the new requirements.
- To acquire a practical understanding of ISO/TS 16949:2002 by focusing on the automotive process approach, changes to the Technical Specification, and how both impact auditing practices,
- This course will provide delegates with the skills and knowledge to properly conduct an internal audit of a process-based system.
- Upon successful completion, delegates will receive a certificate of successful completion
- This course also involves hands on experience in auditing techniques and role plays.

Who should attend

- Quality Managers
- Management Representatives
- New companies who wants to implement TS16949:2002
- Management system Auditor and consultants.
- Members of Supplier Quality Assurance Team responsible for supplier up gradation.
