

Business, you know, is now so complex and difficult, the survival of firms so hazardous in an environment increasingly unpredictable, competitive, and fraught with danger, that their continued existence depends on the day-to-day mobilization of every ounce of intelligence. A system needs to be set up so that your people know what to do and how to do it. That system is **Daily Work Management (DWM)**.

Daily Work Management can be defined as the system that provides the ability to manage departments, functions, and processes, wherein processes are defined, standardized, controlled, and improved by the process owners.

Time is ripe that Indian Industries adopt DWM to beat the global competition.

Keeping in mind, above need of the industry, QGS has designed a **1 day Training Programme on Daily Work Management (DWM)** to train the personnel in improving their understanding on the Concept of DWM.
